

BF4 (4HP OUTBOARD)

POA

Specifications

Boat Details

Price	POA	Boat Brand	Honda
Model	BF4	Length	0.00
Year	2024	Category	Boat Engines and Outboards
Hull Style		Hull Type	
Power Type		Stock Number	
Condition	New	State	South Australia
Suburb	MAITLAND	Engine Make	Honda Marine

## Description

### FOUR-STROKE DESIGN

The all new BF4 is a perfect example of Honda's world-renowned engineering combining proven reliability with superior fuel efficiency.

Packed with the very latest in Honda's Technologies the BF4 is incredibly portable, easy to start, more comfortable to operate and will now go for longer!

There's no two-stroke oil mixing, resulting in a healthier experience for you and the environment.

### LOW VIBRATION

Sick of getting a numb or tingly arm while out on the water from the harsh vibrations resonating from your engine?

Not with this bad boy, Honda have specifically developed new rubber engine mounts that are integrated into the outboard to absorb practically all vibrations across the rpm range; delivering superior comfort to the operator, meaning that you can travel longer and further in complete comfort.

All this is packed into a lightweight, compact design that's easy to transport, and perfect for small tenders, canoes, and Inflatable Ribs.

### EXTENDED RUNNING TIME

Each engine has an integrated large capacity fuel tank built in, hidden away under the cowl this additional 1.5l of fuel gives the operator longer continuous running time; the longest running time available in their class with up to 43 minutes at wide open throttle.

Equipped with a Honda's decompression mechanism, the BF4 is a breeze to start at whatever temperature the engine may be.

### SO MANY FEATURES

The BF4 is now lighter than ever (starting from a low 27kg) their lightweight nature and new carrying handle design enables the user to easily transport and store away the engines. The tiller handle can be fully folded to make the unit even more compact making storage even more convenient.

Equipped with a one touch engine stop switch for convenience, making it safer in emergency situations and also making it much easier to turn off the engine when you reach your destination.

To protect the outboard, an oil alert system automatically limits the engine speed to 2,300 rpm in case of an oil pressure drop.

TYPE 4-stroke OHV 1-cylinder / 2-valves  
DISPLACEMENT 127cc  
BORE & STROKE 60 x 45 mm  
FULL THROTTLE RPM RANGE 4,000-5,000 RPM  
RATED POWER 4HP @ 5,500 RPM (2.9KW)  
COOLING SYSTEM Water Cooled  
INDUCTION 1 carburettor  
IGNITION SYSTEM Digital CDI  
STARTING SYSTEM Recoil  
EXHAUST Under Water, Above Propeller  
ALTERNATOR -  
POWER TRIM & TILT -  
GAS-ASSISTED TILT -  
TRIM RANGE 5-stage 4° - 8° - 12° - 16° - 20°  
TILT RANGE 70°

#### SAFETY FEATURES

EMERGENCY STOP SWITCH Standard  
OIL PRESSURE ALERT Standard  
TEMPERATURE ALERT -  
REV-LIMITER Standard  
SPEEDOMETER PICKUP -

#### DRIVE

GEAR RATIO 2.08:1  
GEAR SHIFT F-N-R  
PROPELLER 5 Model Available  
DIAMETER X PITCH (S-TYPE) 7-7/8 x 7 1/2 inches  
DIAMETER X PITCH (L-TYPE) 7-7/8 x 7 1/2 inches  
DIAMETER X PITCH (X-TYPE) -

#### DIMENSIONS

OVERALL LENGTH 524mm  
OVERALL WIDTH 347mm  
OVERALL HEIGHT (S-TYPE) 1,020mm  
OVERALL HEIGHT (L-TYPE) 1,147mm  
OVERALL HEIGHT (X-TYPE) -  
TRANSOM HEIGHT (S-TYPE) 434mm  
TRANSOM HEIGHT (L-TYPE) 561mm  
TRANSOM HEIGHT (X-TYPE) -  
DRY WEIGHTS (KG) 27kg
